

Jining: Garlic Export Volume And Price Increase

In the first two weeks of February, the cumulative weight and value of garlic exported by the city were 34,000 tons and 41 million US dollars, respectively, a year-on-year increase of 29.3% and 100.9% year-on-year.

[China Garlic Price](#) is reasonable and of high quality. [China garlic suppliers](#) operate in good faith. Garlic consumers can buy garlic at ease.

During the epidemic prevention and control period, Jining Customs implemented accurate services, scheduled urgent customs clearance while guaranteeing epidemic prevention and control, and the city's garlic products achieved stable and orderly export. In order to let enterprises understand the current export epidemic prevention policy, Jining Customs issued a special guide to resuming production and preventing epidemics, reminding key technical points of health and epidemic prevention, guiding enterprises to do a good job of epidemic prevention and control; for enterprises that require customs clearance on holidays, implement an expedited clearance to protect the export of goods around the clock.

In addition, facing various types of customs clearance issues of enterprises, Jining Customs has also established various customs clearance advisory groups to promptly release restrictions on products adopted abroad to guide enterprises to respond to them and ensure that both epidemic prevention and control and agricultural products export are correct.
